

CRUCEROS AUSTRALIS IN BOP

July 2010

BOP - The best of Patagonia, the collection of the most exclusive hotels and cruises of the Southern Cone, welcomes once again Cruceros Australis.

Cruceros Australis, is the expedition cruises company that navigates the planet's most unexplored regions; The Patagonia and Tierra del Fuego Chilean-Argentine. The only expedition cruises that disembark in the mythical Cape Horn.

For the season 2010-2011 and celebrating the 20th anniversary of the company, will begin operating the new expedition cruise "Stella Australis."

The new ship will accommodate 210 passengers distributed in 100 cabins of 16,5 m2 approximately.

Cruceros Australis, which currently has two other boats, Mare Australis and Via Australis, sales between the argentine city of Ushuaia (the world's southernmost city) and the chilean city of Punta Arenas, including the Strait of Magellan and the Beagle Channel, in the southernmost tip of the American continent.
